LAXMI
RAAJVILAS

An imposing architectural creation decked in breathtaking gardens, magnificent carvings, beautiful Chhatris, stunning Jharokhas, and designer parks. Imagine living in homes bathed in magnificent and aristocratic look with distinctly unique modern amenities and décor.

An architectural marvel

Laxmi Raajvilas is anything but utilitarian, from the palatial dimensions of the common areas to an intimate bespoke pool experience apart from the list of luxury-standard facilities comprising a well-appointed lobby, gymnasium, business centre, changing room with steam and shower facilities, games room, café, multipurpose sports pitch and a ballroom wreaking every bit of opulence

On an aesthetic level, however, it's probably the project's geometry that packs the most punch. The design is a triumph of symmetry and order: a grid façade with arches and Jaalis inspired by India's heritage, trees planted uniformly under arched windows and marble courtyards.

Welcome yourself to timeless
luxury and majestic grandeur of
Heritage, Style, and Ambiance.

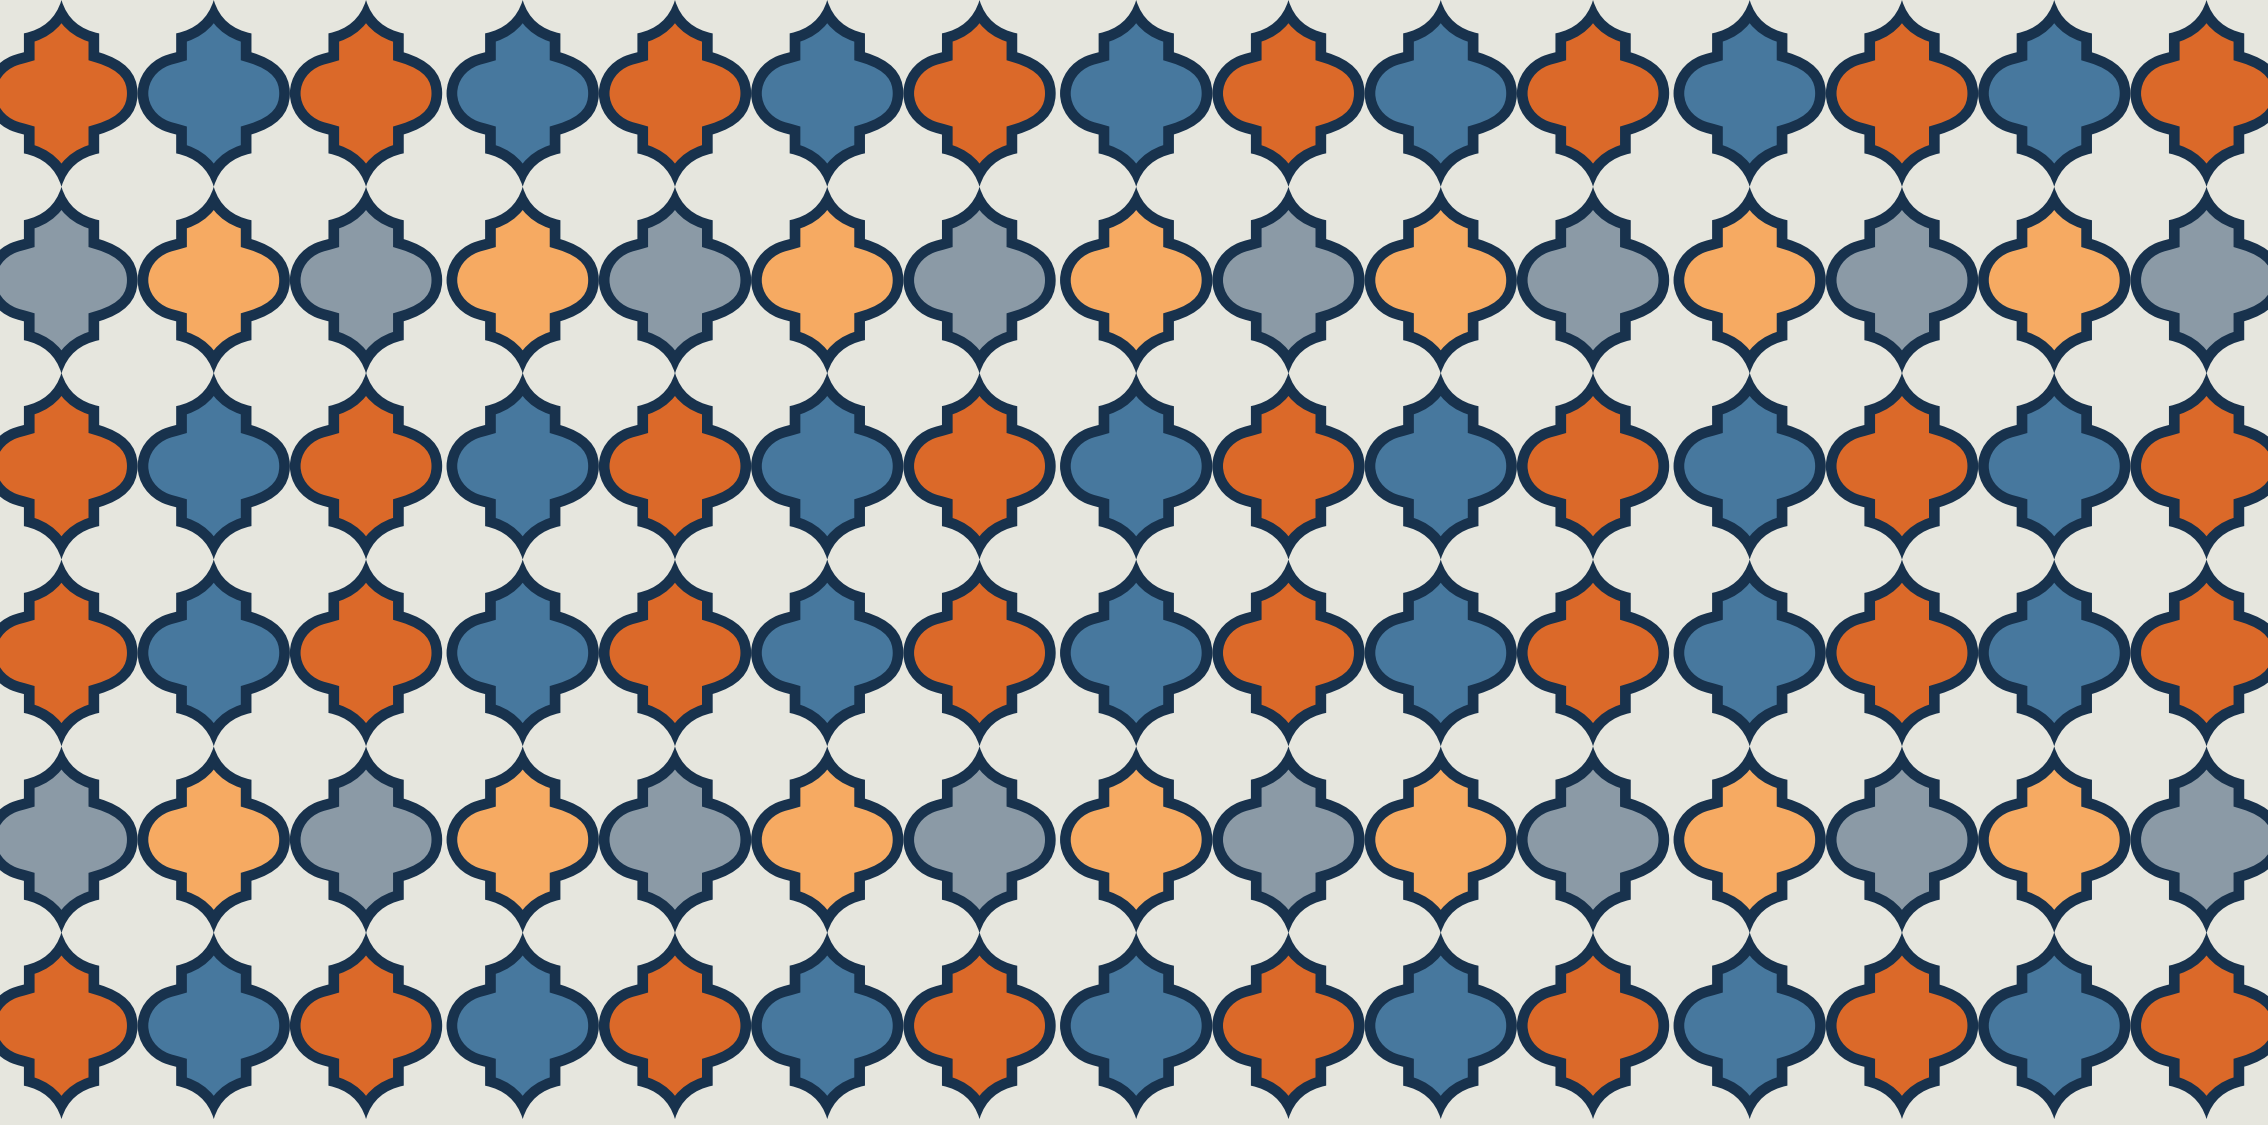

LAXMI
RAAJVILAS

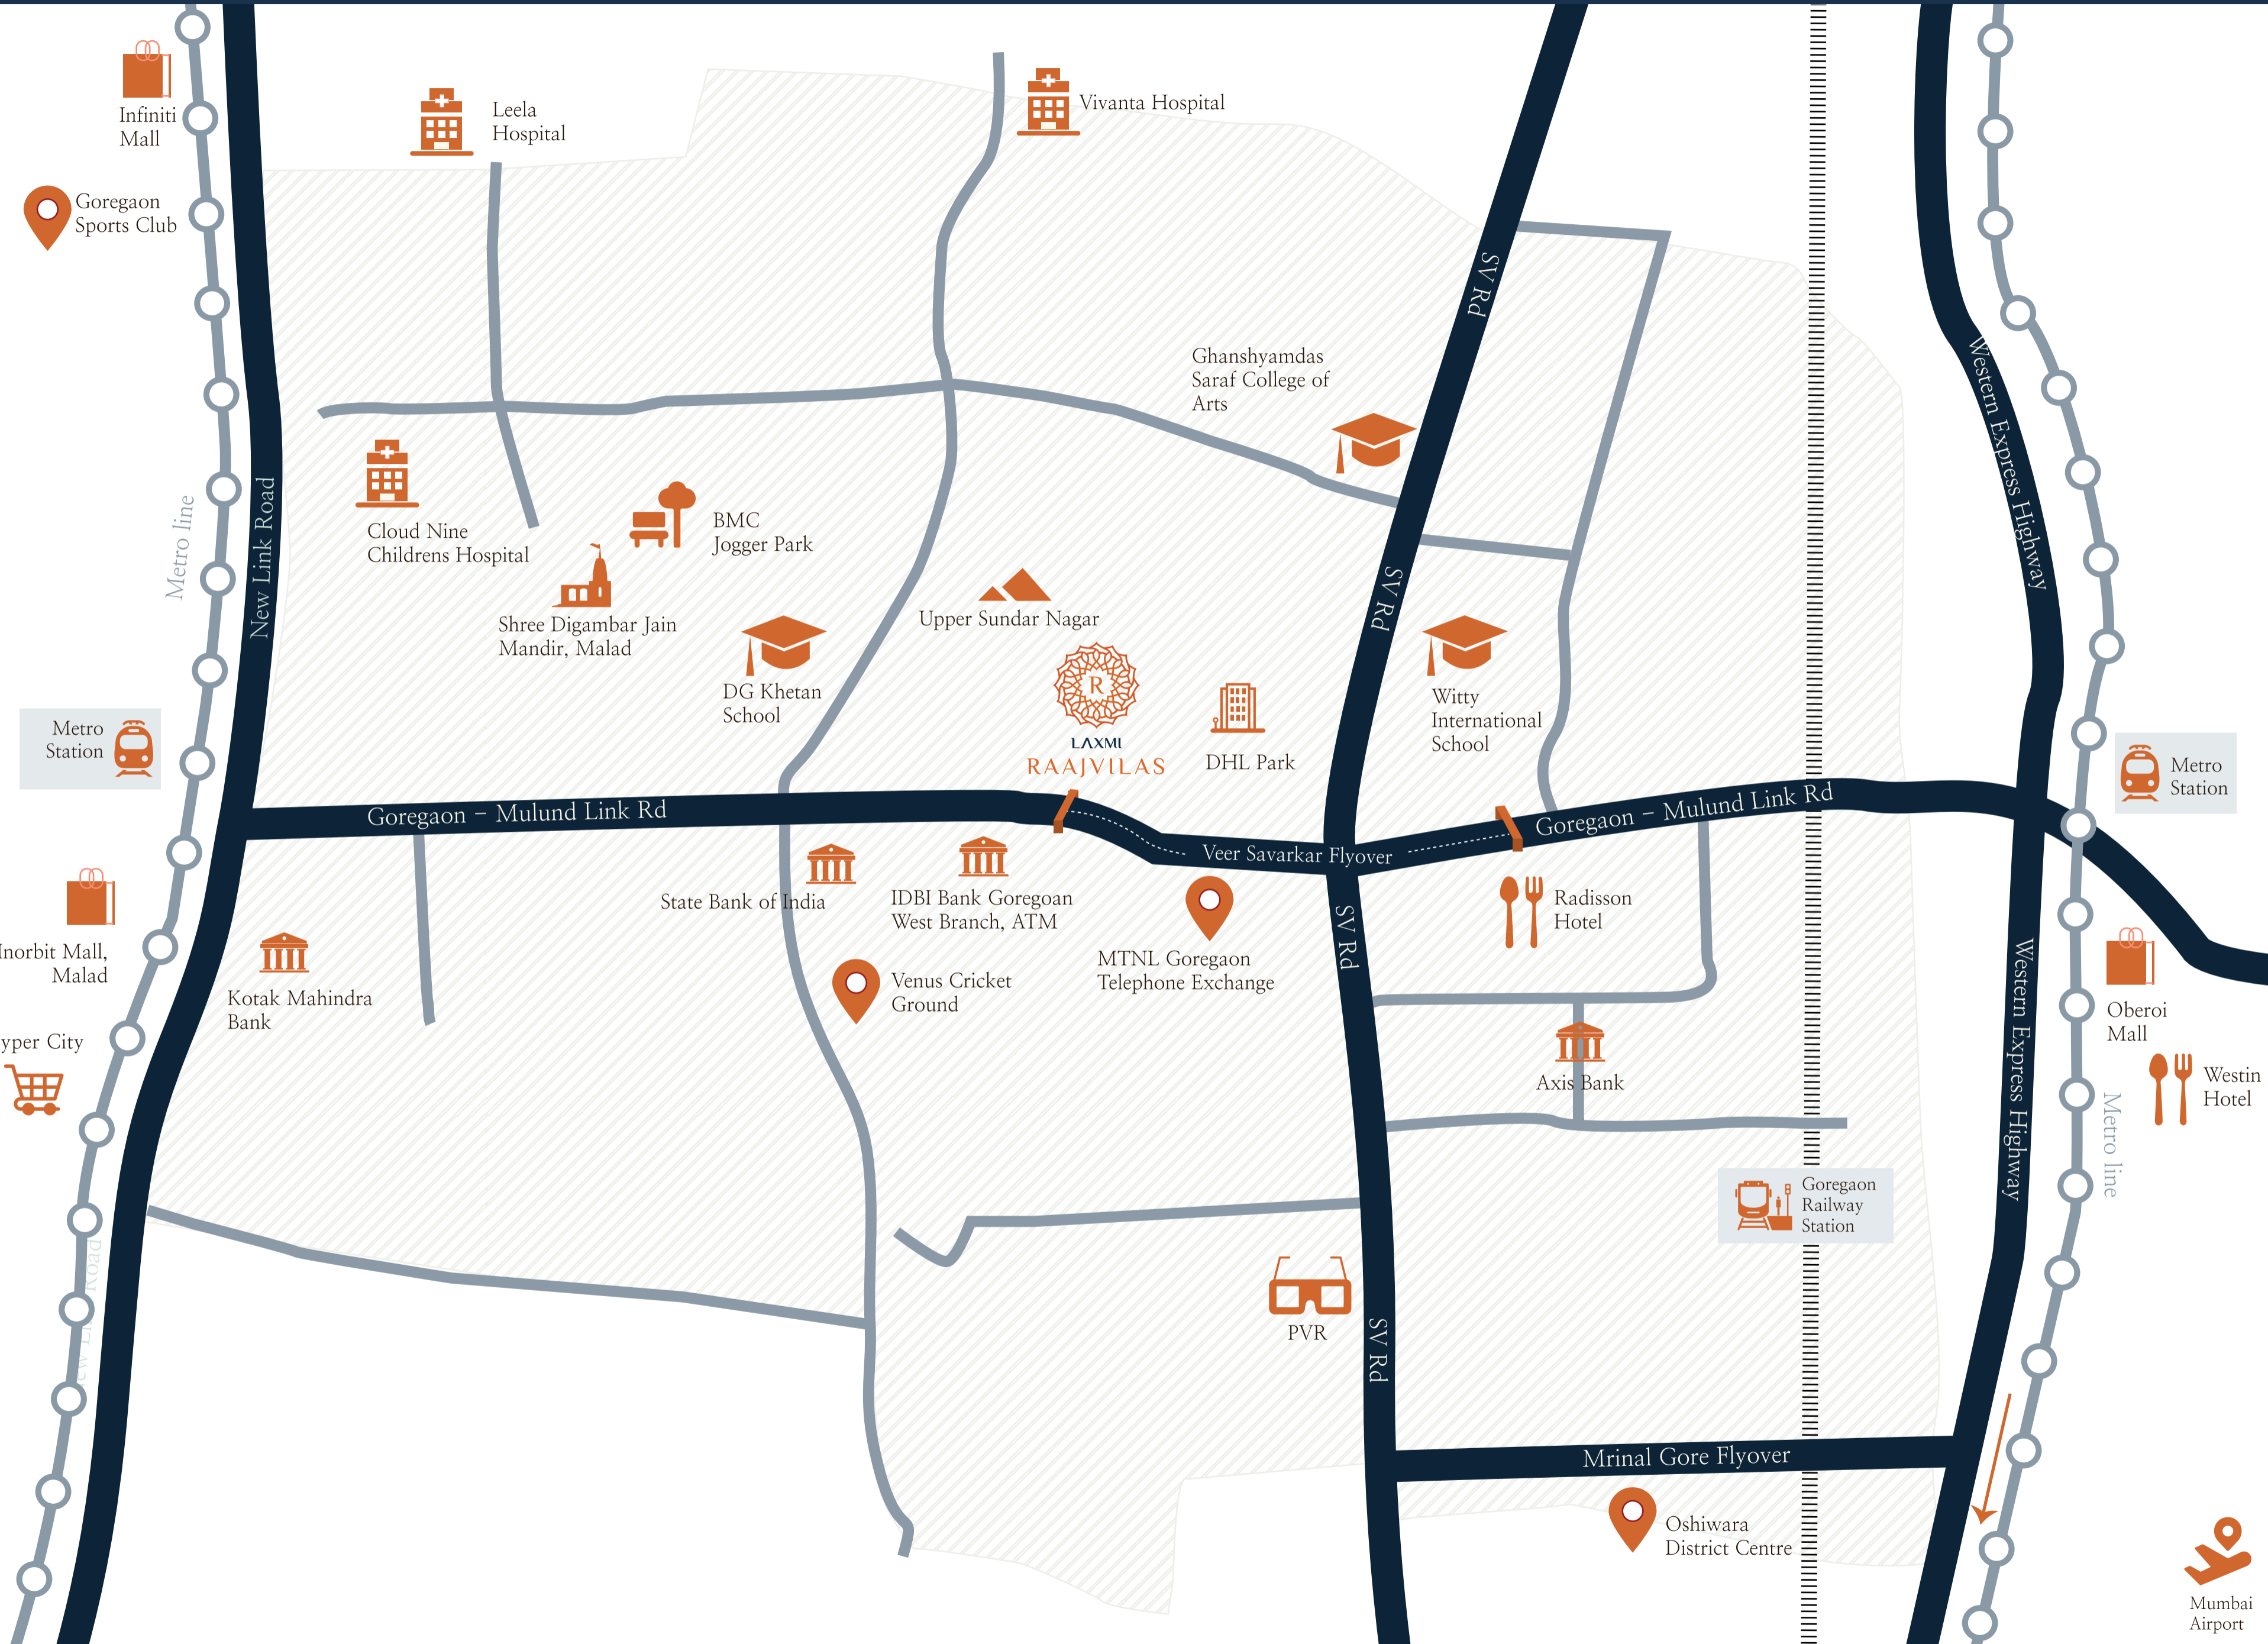

Laxmi Raajvilas by The Laxmi Group is an exquisite dream set in the best neighborhood of Goregaon West. It is one of the most elegant and modern styles of living. Laxmi Raajvilas offers an exclusive lifestyle in this par luxury tower. It is a splendid testimony to our country's great regal past. The ethereal project is a fitting tribute to the architectural style patronised by the emperors of the past in Rajasthan. It comes adorned with intricate carvings, beautiful Jharokhas and Jaalis, grand galleries, wide arches, charming courtyards, gorgeous gardens, and stylish pavilions. It heralds a renaissance of classical Indian art blended with the glorious architecture for the upcoming generations to cherish and take pride in. It is an epitome of classic elegance, strategically located at the Goregaon-Mulund Link Road, Upper Sunder Nagar, Goregaon West, one of the prominent areas of Mumbai close to many educational institutions, malls, hospitals, and IT hubs.
